CONFERENCE ROOM

ELLERBY(40's), burly, signs of grey on the sides. In a suit and tie, he parades around the front of the room, confident posture.

A few other male and female employees spread out across the long table, all business casual dress.

ELLERBY

You've all been invited to this meeting because you've been handpicked. You are considered a clean unit. Not tainted. Tainted? You know who we mean.

Ellerby turns to activate a laptop which projects onto a screen at the front of the room.

ELLERBY (CONT'D)

What's said in this room stays in this room. We have reason to believe that we have issues in our I.T. department. Tampering of data, loss in inventory, all stuff that is damaging to the company. I won't even begin to talk about SOX, 'cause make no mistake, L & G's we are a public company.

Ellerby taps a key on the laptop and a picture of the heavy set Vinny appears.

ELLERBY

This is Vinny. He's in charge of asset management or lack thereof.

A few chuckles around the room.

Ellerby taps the laptop again and the face of a young male Asian displays.

ELLERBY (CONT'D)

This is the muscle, the guru, Chin. This guy has a lot of powerful passwords and has access to all our systems. He's been known to read the emails of attractive females at the company, then stalks them with info he's gathered. He does all the heavy lifting for...

Ellerby reaches over to the laptop again and this time Frank's face pops up.

ELLERBY (CONT'D)

Here he is, the star of our show,
you know who...our very own CIO.
